**Shade the MI Pizza
using the above scores**

* starting from the center,
each segment represents 5, 10, 15 and 20

What was your highest score?

What kinds of smart are you?

Music Smart	Self Smart	Nature Smart	Picture Smart
<p>You're great with rhythms and melodies. You love whistling, singing, humming, rapping, tapping your feet & hands and listening to music. In the classroom you are happiest when you are singing, playing music, writing music or creating music instruments and melodies.</p> <p>Look out MTV, this is the best thing since Mozart!</p>	<p>You're great at relating the world to your own needs, feelings and visions. You love to set goals, meditate, daydream and plan for the future. In the classroom you are happiest with lots of choices and self-paced projects. You enjoy working alone and you love having your own individualized space.</p> <p>Shh... I just thought of something brilliant!</p>	<p>You're great with animals, plants and the outside world. You love playing with pets, gardening, investigating nature, looking under a microscope, and caring for the planet. In the classroom you love to explore, learn about animals and plants, investigate with binoculars and magnifying glass and solve big questions about the environment.</p> <p>Step <u>aside</u> Dr. Doolittle!</p>	<p>You're great with images and pictures. You love to design, draw, visual and doodle (your notebook is covered in them!) In the classroom you are happiest when you are artistic, creating Manga, LEGO, crafts, mazes, puzzles, illustrated books, or watching videos. Ah, the world is such a colourful place!</p> <p>Make way Art World, Here I come.</p>
Word Smart	Logic Smart	Body Smart	People Smart
<p>You're great with words! You love reading, writing, telling stories and playing word games. In the classroom you are happiest when you get to read books, listen to tapes, or do writing activities, Your favourite classes involve discussion, debates and story-telling.</p> <p>Look out World, this could be the next J.K. Rowling!</p>	<p>You're great with numbers and reasoning. You love experimenting, questioning, figuring out logic puzzles and calculating. In the classroom you are happiest when you are using science materials, using manipulatives and figuring out how things work. Your favourite classes involve numbers and science.</p> <p>The game's afoot, dear Watson!</p>	<p>You're great with sight, smell, touch and taste. In fact, anything you can get your hands on is fun! You love dancing, running, jumping, building and touching. In the classroom, you are happiest when you are doing role-play, moving, building things, playing games and doing hands-on learning.</p> <p>Olympics/ Hollywood, here I come!</p>	<p>You're great at bouncing ideas off of other people. You love leading, organizing, relating, directing, mediating and listening. In the classroom you are happiest when you are talking with friends, doing group activities, organizing and participating in group events and clubs, and when you are helping others.</p> <p>This just might be the next Prime Minister, folks!</p>
